ABOUT

Incorporated in 2016, Basilic Fly Studio Limited (BFS) is a global visual effects studio providing end-to-end VFX services across films, television series, web content, and commercials, with over 11,700 projects successfully delivered.

The company operates an integrated delivery model with studios across India, UK, France, and Canada, with services spanning the full VFX value chain: pre-visualization, asset creation, animation, effects simulation, lighting, rendering, and final compositing. BFS serves leading global studios and streaming platforms, including Netflix, Amazon, Disney+, Warner Bros, HBO, Sony, Universal, backed by long-term client relationships and repeat business.

The company's diversified model combines creative leadership in Europe and the UK, strengthened by the acquisition of a majority stake in One of Us (UK) with cost-efficient, scalable execution in India, supporting margin expansion. This hybrid delivery model, anchored by hubs in Chennai and Pune and a new Bengaluru creative division, supports margin expansion and positions BFS to scale capacity without compromising delivery quality or timelines.

Backed by strong execution capabilities, BFS reported FY26 consolidated revenue of INR 4,078 Mn and PAT of INR 506 Mn, delivering a 3-year revenue CAGR of 73% and PAT CAGR of 22%. With an order book of INR 2,320 Mn, a GBP 35 Mn bid pipeline, and recent domestic OTT mandates from Netflix and Amazon, the company is well positioned to capitalize on growing global demand for visual content.
